BLUETOOTH Remote Control Instructions

Pairing the Cameras and Remote Controls:

1. This method is for one remote control to one camera:

With the camera turned on, press the button for 2 seconds to enter the pairing mode.

Press and hold the and buttons on the remote control simultaneously until pairing is successful.

While pairing, the remote control should be close to the camera.

2. Press the button on the remote control to start shooting or recording and press the button again to stop recording.

Other camera settings and parameters remain the same as preselected movie or still camera settings.

3. To turn the camera off, press the button.
